DRAFT

INTERNAL CORRESPONDENCE

TO: Rob Palermo, PAGL

DATE: September 19, 1983

FROM: Beverly Kille

COPIES: File

SUBJECT: TDD No. F1-8304-21, Congress Tech Spray Co., 401 Broadway Road, Dracut,
Massachusetts 01826
NUS Job No. 3294

This facility is a producer of spray paints. They put halogenated solvents and paint into canisters and are in compliance with waste handling procedures. Paint and solvents are stored in separate storage areas. Any wastes produced are removed by a licensed disposal company and manifests are available.

Based on the above summary of Congress Tech's hazardous waste handling procedures, I suggest that the following actions be taken:

1. Perform a periodic review of waste handling procedures.
2. Perform a thorough site inspection if the need arises.
